

Amendments to the Specification:

Please amend the specification beginning on page 8, paragraph 2 as shown below:

- Figure 8 shows various views representing the part (8)- ramps disc-depicted in elevation (a), in plan view (b), in a view from below (c), and in an auxiliary perspective view (d), and it also shows an auxiliary view of the set of guiding ramps ~~[(62)]~~ 82, pre-firing points (63) and firing or resting points (61).

Please amend the specification beginning on page 5, paragraph 5, as shown below:

The various ~~[[essential]]~~ parts mentioned in this description and the drawings can be used individually or together in any combination with other elements having different characteristics and uses. It may therefore be understood that this invention is not restricted to the elements and characteristics described and illustrated herein and that other variations can be included in the spirit of the invention. This applies to the firing mechanism incorporated into the handle, the ejection mechanism, the rotating safety locking and tightening system, the laser sight which functions accordingly to distance, the R. D. W. S. middle weapon bayonet system, the detachable handle, the variable number of barrels and the possibility of detaching them.
